

Prayer of Hope and Courage

Holy One, who dwells above, alongside, within;
May Your presence come close to each of us in this time of confusion, fear, and dismay.

We ask You *Shechinah*, to spread Your wings of shelter over each of us, over all humanity;
Protecting us, guiding us, nurturing us, sustaining us in this time of great uncertainty.

El Olam continue to guide us and sustain us as we encounter each day ahead;
Providing for us the resilience and resolve to live into yet another day.

Adonai, God of all Generations, continue to bring courage, strength and wisdom;
to the hands and hearts of all those who care for us in hospitals, in stores, in care centers.

My God, thank you for Your presence in my life and the lives of all both near and far.
May the One who creates peace, bring peace and wholeness to all creation.

Amen.
